## So you know how...

Pitcher: choose appropriate problem statement

- Couples really want to have their romantic time together, but babies keep them busy
- More babies create more responsibilities and more money
- Unwanted baby or pregnancy has impact on finances, can create additional stress, get sick and take time
- Can impact your quality of life if you have unwanted baby or pregnancy

# Well luckily there's...

Reliable modern family planning methods that effectively manage your birth spacing with appropriate options so that you will enjoy your couple life.

# 3.

## Here's how it works

1. Couple/men attend the FP community event
2. Get right information about MM, dispel rumors on MM side effects, know where to access
3. Discuss with your couple
4. Join decision on the appropriate MM

# Page 4: In the end...
