KINGDOM OF CAMBODIA

Partnership Evaluation
WS/NCHP/AHI Oct. 08

Outline of presentation

- History of collaboration between NCHP and AHI
- Goal of NCHP has collaborated with AHI
- Activities have been done by NCHP through AHI Fund
- Achievements
- Challenges
- Budget balance

History of collaboration between NCHP and AHI

- NCHP has collaborated with AHI since 1989 in providing workshop and training: There are 4 phases
 - Phase I: PTM on HE to head quarter of MOH and provincial nearby. We conduct in MOH
 - Phase II: Participatory training/workshop on HE/PHC was conducted together between NCHP/AHI. In this phase some NCHP staffs went to AHI for attending ILDC and ECB-PHCM in Philippines. We moved training place from MOH to Bati, Takeo province. Target audience was PHD Managers.

History of collaboration between NCHP and AHI

- Phase III: NCHP has established training team at national and provincial levels. In this phase we developed various training courses and has provided advisory and consultancy to NCHP Alumni. We sent NCHP staffs to attend ToT of World Education course. Expand to North-East region. Target audience was PHPU.
- Phase IV: NCHP has become training institute, we can plan and develop training proposal by ourselves. In this phase, we developed 3 years plan submitted to AHI and MEDICAM, then, AHI has decreased budget year by year. NCHP had a PHC/CHP Project of AusAID PAP Budget form MOH has started. Target audience was health staffs working at national, provincial and OD levels.

History of collaboration between NCHP and AHI

- AHI not only provide financial and technical support to those training activities, but also put a lot of input to the NCHP officers in term of capacity building through oversee training and study visit in Philippines, Nagoya Japan, Indonesia and so on.

History of collaboration between NCHP and AHI

- From 1994 to 1998, NCHP had provided BHE, TOT in HE to PHPU and OD officers and health education technique (Continuing training) to HC staffs in North-Eastern Cambodia. (Stung Treng and Ratanakiri provinces)
- NCHP's strategy was changed in mid-1998 to conduct the training with participants from government, NGO and IO counterpart.
- From 1989 to mid-1998, NCHP has been conducted training with participants from the government only.

History of collaboration between NCHP and AHI

- NCHP also put emphasis on the follow up of participants, upon request from former participants, NCHP has sent trainers to provide advisory and consultancy when they organized training course in their own areas.
- From mid-1998 to 2005, NCHP has provided the series of training as following:
 - Basic Health Education (BHE),
 - Training of Trainers in Health Education (TOT in HE),
 - Community Health Promotion Management (CHPM),
 - Participatory Planning Monitoring and evaluation (PPME) and
 - Training of Trainers for Behavior Change Communication/Inter-Personal Communication in Health (TOT for BCC/IPC in H).

History of collaboration between NCHP and AHI

- From 2006 to 2008, NCHP has provided the series of training to MEDICAM
- From 2006 to 2008, NCHP has provided advisory, consultancy to the training/meeting and specific events.

Goal of NCHP has collaborated with AHI

- To improve Cambodian health status in particularly women and children through practicing and promoting behavior by using participatory approaches.
- To build capacity of health care providers on health education/health promotion/primary health care activities through participatory training/meeting approaches
- To strengthen health education/health promotion/BCC activities and networks at provincial and district levels by using participatory training/meeting approaches and sharing health information through community involvement.

Activities have been done by NCHP through AHI/MEDICAM Fund

- For FY 2006-2008:
 - Advanced Health Oriented Training of Trainers (AHO TOT),
 - Community Health Promotion Management (CHPM),
 - Participatory Planning Monitoring and Evaluation (PPME) and
 - Advanced Training of Trainers for Behavior Change Communication/Inter-Personal Communication in Health (TOT for BCC/IPC in H).
 - Training on Implementation of PHC
 - Basic Health Education (BHE)

Activities have been done by NCHP through AHI Fund

- For FY 2006:
 - Follow up HE/HP activities at Bati OD including visiting NGOs and community people in their catchments areas (10-11/8/06)
 - Participated in Annual Sharing Event of MEDICAM at Pursat (26-29/9/06)
 - Advised and facilitated PHC course on elderly care in Banteay Mean Chey (17-22/12/06)
 - Advised and facilitated PHC course on elderly care in Battambang (24-29/12/06)
 - Advised and facilitated PHC course on elderly care in Mong Russey OD (25-30/12/06)

Activities have been done by NCHP through AHI Fund

- For FY 2006:
 - Participated in Annual Sharing Event of MEDICAM at Kratie (26-28/12/06)
- For FY 2007:
 - VHSB meeting and exchange experience among VHSB and elderly people in community on elderly care at Mong Russey (21/02/07)

Activities have been done by NCHP through AHI Fund

- For FY 2007:
 - Participated in Annual Sharing Event of MEDICAM at Siem Reap (09-10/4/07)
 - Participated in observation of training on clients' rights and providers' rights-duties and visiting MODE Organization at Kampong Thom (02-04/8/07)
 - Participated in Annual Sharing Event of MEDICAM at Stung Treng (24-25/12/07)

Activities have been done by NCHP through AHI Fund

- For FY 2008:
 - Organized meeting on strengthening roles and responsibilities of HCMC, VHSG at HC Putsar, OD (Bati 29/02/08)
 - Participated in training on CHPM and conducting monitoring NCHP-MEDICAM alumni in Kratie (11-16/8/08)
 - Organized training on Diabetic and Tobacco at Putsar HC (03/10/08)
 - Organized training on Hypertension at Putsar HC (10/10/08)
 - Follow up training at Battambang, Siem Reap and Kampong Thom (13-15/10/08)
 - Field visit in Takeo and Battambang for partnership evaluation 30.10.08 & 02-04.11

Achievements

- Capacity building of NCHP staffs
 - 1 staff participated in overseas study tours in Davao, Philippines
 - 2 staffs participated in training on CHPM
- Capacity building of PHD, OD, HC staffs and HCMC/VHSG trained (NCHP Alumni)
 - 188 people
- Capacity building of IO/NGO staffs trained (NCHP Alumni)
 - More than 202 people (NCHP and MEDICAM)

Achievements

- Recognition by UN/IO/NGO on NCHP participatory training
- Providing training for new coming NCHP staffs
- Training courses, follow up/Advisory and consultancy activities strengthened at PHD through NCHP Alumni and NCHP staffs.
- PTM have made NCHP well known by Government and UN/IO/NGO counterpart

Challenges

- Did not have integrated (concrete) plan from LNGOs
- PHD/OD request advisory and consultancy were overlapping with NCHP activities
- AHI support mainly focus on LNGOs, however there are only IO that can organize training and they could not support national level.
- NCHP human resource limited
- MOH and EC-UNICEF project agreement that need NCHP to accomplish this assignment

Budget from 1996-2008

FY	2006	2007	2008	Total
Rev.	2000	2000	2000	6000
Exp.	1323	1383.5	1642	4348.5
Bal.	677	616.5	358	1651.5

សូមអរគុណ! Thank you!
