

# Welcome to Partnership Evaluation Workshop February 14-16, 2005

## History of NCHP-AHI Partnership, Goal, Strategy and Activities of NCHP

ព្រះរាជាណាចក្រកម្ពុជា

KINGDOM OF CAMBODIA

Dr. LIM THAI PHEANG

# History of collaboration between NCHP and AHI

- NCHP has collaborated with AHI since 1989 in providing workshop and training: There are 4 phases
  - Phase I: PTM on HE to head quarter of MOH and provincial nearby. We conduct in MOH
  - Phase II: Participatory training/workshop on HE/PHC was conducted together between NCHP/AHI. In this phase some NCHP staffs went to AHI for attending ILDC and ECB-PHCM in Philippines. We moved training place from MOH to Bati, Takeo province. Target audience was PHD Managers.

# History of collaboration between NCHP and AHI

- Phase III: NCHP has established training team at national and provincial levels. In this phase we developed various training courses and has provided advisory and consultancy to NCHP Alumni. We sent NCHP staffs to attend ToT of World Education course. Expand to North-East region. Target audience was PHPU.
- Phase IV: NCHP has become training institute, we can plan and develop training proposal by ourselves. In this phase, we developed 3 years plan submitted to AHI and MEDICAM, then, AHI has decreased budget year by year. NCHP had a PHC/CHP Project of AusAID PAP Budget form MOH has started. Target audience was health staffs working at national, provincial and OD levels.

# History of collaboration between NCHP and AHI

- AHI not only provide financial and technical support to those training activities, but also put a lot of input to the NCHP officers in term of capacity building through oversee training and study visit in Philippines, Nagoya Japan, Indonesia and so on.

# History of collaboration between NCHP and AHI

- From 1994 to 1998, NCHP had provided BHE, TOT in HE to PHPU and OD officers and health education technique (Continuing training) to HC staffs in North-Eastern Cambodia. (Stung Treng and Ratanakiri provinces)
- NCHP's strategy was changed in mid-1998 to conduct the training with participants from government, NGO and IO counterpart. Therefore, the NCHP has continued this strategy up to the present.
- From 1989 to mid-1998, NCHP has been conducted training with participants from the government only. 5

# History of collaboration between NCHP and AHI

- NCHP also put emphasis on the follow up of participants, upon request from former participants, NCHP has sent trainers to provide advisory and consultancy when they organized training course in their own areas.
- From mid-1998 to present, NCHP has provided the series of training as following:
  - Basic Health Education (BHE),
  - Training of Trainers in Health Education (TOT in HE),
  - Community Health Promotion Management (CHPM),
  - Participatory Planning Monitoring and evaluation (PPME) and
  - Training of Trainers for Behavior Change Communication/Inter-Personal Communication in Health (TOT for BCC/IPC in H).

# Goal of NCHP has collaborated with AHI

- To improve Cambodian health status in particularly women and children through practicing and promoting behavior by using participatory approaches.
- To build capacity of health trainers on health education/health promotion/primary health care activities through participatory training approaches
- To strengthen health education/health promotion activities and networks at the national, provincial and district levels by using participatory training approaches
